NEW BUSINESS

1. RECOMMENDATION TO TOWN BOARD FOR APPROVAL OF BID, CONTRACT 2026-10, CARTER WOODS PARK PLAYGROUND SITE WORK, TO HUTCHINSON PROPERTY SERVICES

The Carter Woods Playground was approved for replacement in 2026 and Contract 2026-10 includes the site work for this CIP item. The site work for the project includes existing playground removal; site excavation and grading; drainage installation; aggregate base course preparation; concrete curbing and sidewalk installation; and site restoration.

The Town of Grand Chute Department of Public Works received bids on April 8, 2026. Hutchinson Property Services provided the lowest bid and met the contract requirements.

Motion (Buelow Fischer/Hagen) for approval of bid, Contract 2026-10, to Hutchinson Property Services in the bid amount of \$45,098.80. Motion Carried (7/0)

2. DISCUSSION ON PATRIOT PARK IN-LINE HOCKEY RINK

The Patriot Park In-Line Hockey Rink was constructed in 1997 and has provided individuals of all ages with the opportunity to play hockey outside of the traditional winter season, extending access to the sport and encouraging year-round physical activity.

Over the years, minor maintenance and repairs have been carried out by contractors and Town Parks staff to keep the rink in usable condition. However, due to age and ongoing wear and tear, the facility has reached a point where more significant improvements are necessary. At this stage, the rink requires either substantial repairs or a full reconstruction.

There have been numerous requests to update the rink, demonstrating a strong and ongoing interest in improving the facility. This support has been further reinforced through a petition, reflecting widespread public backing for renovations or replacement of the existing rink.

Capital Improvement Plan (CIP) items currently in place to replace the rink in 2027 are a batting cage structure and a ballfield storage building.

Public Comment: Cassandra Kammer expressed her desire for the rink to be either restored or remain as is. She stated that her son and his friends use the rink often that it would be a loss to the community to have it removed.

Park Commission requested that staff gather additional information about potential restoration cost as well as any additional alternate options that might be available.

FUTURE AGENDA ITEMS

1. Patriot Park Roller Hockey Rink

ADJOURNMENT

Motion (Scott/Petersen) to adjourn. Motion carried (7/0). Meeting adjourned at 5:56 p.m.

These are draft minutes taken for a regular scheduled meeting held on April 13, 2026 by: Ericka Rick, Office Coordinator Town of Grand Chute.

1. Park Updates

- a. Maple Edge parking lot and shelter projects will be going through punch list items this month to finalize completion. Carter Woods pickleball court is still in need of surfacing which requires specific conditions including warm temperatures to be completed and have a full warranty in place.

- b. Controlled burns were conducted at Prairie Hill Park this spring, revitalizing areas on the south side of the park as well as the central butterfly garden. Controlled burns are essential for prairies because they prevent trees and invasive species from taking over while promoting the growth of native grasses and wildflowers.

2. Forestry Updates

- a. Arbor Day was celebrated on Thursday, April 23 at Lions Park. Fourth grade students from Houdini Elementary took part in planting two new trees, and Town Chair English delivered the annual Arbor Day Proclamation. The beautiful weather and enthusiastic participation made for an enjoyable morning!

- b. Trees were delivered on Monday, April 27. These bare root trees will mature in the gravel bed and will be used primarily for fall 2026 plantings.

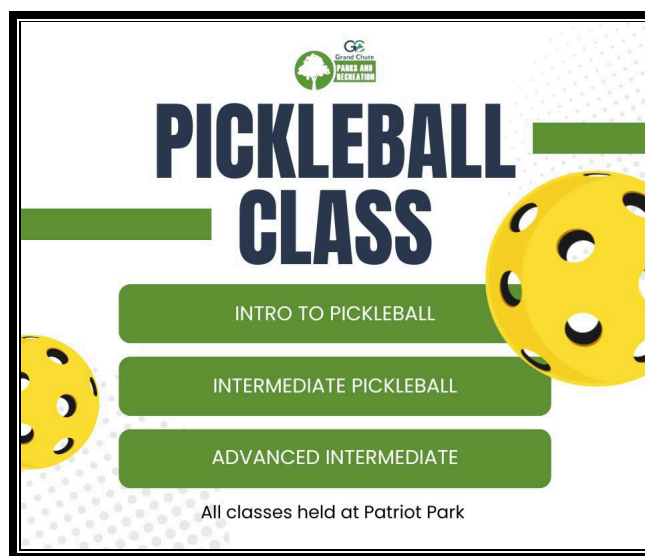

3. Recreation Updates

- a. The Sponsorship Program has now reached its initial commitment deadline for full sponsorship benefits, with event and program funding surpassing \$19,000. We sincerely appreciate the support and partnership of these generous organizations.

- b. Registration for Summer Yoga at Town Center Park opens on Monday, May 11.
- c. Pickleball classes have spots still available, come give it a try!

I used to love to come to this park but now it doesn't feel safe. There are clearly people doing drugs in the parking lot at any time of day. This park is slowly becoming a homeless camp as well with people living in their cars. Which is whatever but also can feel unsafe for a female trying to enjoy a walk alone.

MEETING DATE: April 13, 2026
FROM: Jeff Muller, Parks & Facilities Manager
RE: Discussion on updating the Patriot Park In-Line Hockey Rink.
TYPE: New Business

Background Information: The Patriot Park In-Line Hockey Rink was constructed in 1997 and has provided individuals of all ages with the opportunity to play hockey outside of the traditional winter season, extending access to the sport and encouraging year-round physical activity.

Over the years, minor maintenance and repairs have been carried out by contractors and Town Parks staff to keep the rink in usable condition. However, due to age and ongoing wear and tear, the facility has reached a point where more significant improvements are necessary. At this stage, the rink requires either substantial repairs or a full reconstruction.

There have been numerous requests to update the rink, demonstrating a strong and ongoing interest in improving the facility. This support has been further reinforced through a petition, reflecting widespread public backing for renovations or replacement of the existing rink. To date, the petition has received 434 signatures.

Capital Improvement Plan (CIP) items currently in place to replace the rink in 2027 are a batting cage structure and a ballfield storage building.

Most recently, staff solicited public feedback through a survey distributed via social media and the Town's weekly newsletter.

Fiscal Impact: CIP

Recommended Action: Approve the addition of a project to update the Patriot Park In-Line Hockey Rink to the 2027-2031 Parks and Recreation Capital Improvement Plan.

Hi Jeff,

I've attached the current list of petition signatures supporting the preservation and improvement of the rink. We are approaching 400 signatures and continuing to gain momentum. For your reference, here is the petition link: <https://c.org/vSbPX7FmQX>

A consistent theme throughout the responses is that many residents were previously unaware the rink existed. Now that awareness has increased, there is clear and growing interest in using the facility—particularly if it were updated and more actively promoted. With even modest improvements and better visibility, I am confident that usage would rise significantly.

Additionally, while I understand funding may not be a primary concern, it is worth noting that several individuals have expressed a willingness to contribute financially toward improvements. This level of community investment highlights the value the rink holds for local residents.

I also want to acknowledge a limitation of the petition platform used. After signing, users are prompted to make a donation, which can be confusing and may discourage some from completing the process. As a result, it is likely that even more support exists beyond what has been captured.

Thank you for taking the time to review this information and consider the opportunity it represents for the community.

Best regards,
Cassandra Kammer
