

**2025 BRUSH CHIPPING SERVICE**

The Town will offer brush chipping services two times in 2025 (once in May and once in September) per the schedule below. The maximum amount of brush to be picked up per address is 480 cubic feet. This is based on a loose brush pile 4 feet high by 10 feet long by 12 feet deep. Brush is to be a minimum of 3 feet long and placed on the shoulder or curb with the cut ends facing the street by 6:00 AM on your scheduled Tuesday (see below). Branches larger than 12 inches in diameter and 75 pounds in weight cannot go through our chipping machine, therefore, will not be picked up. Brush piles cannot contain root balls, stumps or construction materials. **If any of the guidelines stated above are not met your brush pile will be tagged and you will be responsible for disposing of the brush.**
